AMERICAN BACKCOUNTRY

CELEBRATING
30
YEARS

AMERICAN BACKCOUNTRY™

"WE TALKED WITH MANY WEARY THRU-HIKERS, SOLD A LOT OF SHIRTS AND LEARNED EVEN MORE WHY WE SET OUT TO BURN OUR CORPORATE SUITS AND VENTURE INTO A BUSINESS THAT SPOKE TO OUR TRUE NATURE"

-Frank Hintz, on launch of American Backcountry in 1994 at Appalachian Trail Days Festival in Damascus, VA

AMERICAN MADE. MADE IN U.S.A.

IT'S NOT JUST SOMETHING WE SAY. IT'S OUR **PASSION.**

Since 2014, American Backcountry has worked closely with our National Park Partners to increase our product offering and commitment to MADE IN THE USA Garments and accessories. We have shifted a significant portion of our premium cotton and performance apparel garments to a Made in the Carolinas strategy. We are dedicated to helping our local economies via job opportunities and business partnerships. This is part of American Backcountry's long term vision.

GARMENTS & ACCESSORIES

- UPF + SS and LS Solar Microfiber tees
- Soft hand 100% ring spun polyester tees
- Super soft Bi-blend & Tri-blend tees
- Garment dye tees
- Microfiber Performance Caps
- Solar Microfiber Gaiters
- Trucker Hats
- Beanies
- Stickers And Patches

WE BELIEVE **SUSTAINABILITY** MATTERS.

Our commitment to sustainable products is paramount and vital to our goals of maintaining a healthy planet. We use REPREVE® Recycled polyesters in our Triblend tees which use an average of 4 recycled water bottles per shirt, helping significantly in reducing the impact of our products on the Earth. Many of our customers in the National Park, Outdoor Retail and Resort Destination marketplaces have joined us in this initiative and are enjoying the benefits of strong sales and assisting in the re-shoring of American jobs.

REPREVE is a brand of recycled fibers made from recycled bottles and other products. It uses and emits less greenhouse by reducing the need for new petroleum resources.

REPREVE®

DESIGN OPTIONS

American Moose
Glacier National Park

American Moose
Scientific Name: Alces alces
Height: 5-6 feet at shoulders
Antlers: Up to 4 feet wide
Weight: Up to 1,000 Pounds
Speed: Up to 35 MPH
Lifespan: 15-20 years
Diet: Herbivore
Mating Season: September-October

MW-002 AMERICAN MOOSE

American Black Bear
Yosemite National Park

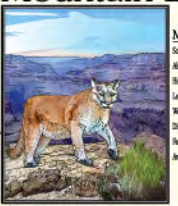

American Black Bear in Yosemite NP
Scientific Name: Ursus americanus
Estimated Number: 300 to 500
Color: Most are brown or reddish-brown
Average Male Weight: 500 to 700 pounds
Average Female Weight: 200 to 300 pounds
Diet: Mostly Grasses and Berries, voracious in fall
Reproduction: One to three cubs with 14 to 17 months of age
Young: Cubs stay with Mother until 18 or 17 months of age

MW-004 BLACK BEAR WESTERN

Mountain Lion
Grand Canyon National Park

Mountain Lion
Scientific Name: Felis concolor
Also known as Puma, Cougar, Panther, Catamount
Height: 2.0 to 2.5 feet at shoulders
Length: 3.0 to 5.0 feet
Weight: 100-180 Pounds
Diet: Deer and small mammals
Pace: Leap as high as 15 feet, jump as far as 40 feet
Average Life Span: 12 years in the wild

MW-005 MOUNTAIN LION

Mountain Goat
Glacier National Park

Mountain Goat
Scientific Name: Capra americana
Also known as Rocky Mountain Goat
Lifespan: 12-15 years
Weight: 100 - 200 pounds
Diet: Herbivore
Habitat: High Altitude Ranges
Mating Season: November-December

MW-006 MOUNTAIN GOAT

California Condor
Grand Canyon National Park
